IRSA Spezialverdünnung

Thinner and cleaning agent for DD and nitro-cellulose seal

Use and Characteristic:

IRSA Spezialverdünnung is a specially coordinated thinner- and cleaning agent for polyurethan (DD-) sealants and IRSA nitro-cellulose products (e.g.) IRSA Quick-Filler-solvent-based).

IRSA Spezialverdünnung has got a good solvent power, promoted levelling properties and is free of alcohol and water.

Cautions:

This product is according to the EC-directives for dangerous substances classified and marked.

Precautions:

Regard the regulations for handling flammable liquids.

Storage:

When kept in a closed container and cool and dry place, the self-life is for several years.

Please, follow the P- and H- Phrases, classifications of dangerous liquids on caution marks and the EC safety data sheets.

The advice given by us in word, writing and endeavour for the technical application is supplied to our best knowledge, but may, however, only be regarded as an indication without any obligation and does not exempt you from examining the supplied products yourself, if they are suitable for the procedure and purposes intended. Application, use and processing of the products are not within our range of control and supervision, but are at your responsibility exclusively. It goes without saying that we guarantee products of high and good quality, according to the samples. With the publishing of new information the earlier technical data sheets loose validity.
